### CAREERS AT RAVENSHALL

3. I understand my role in relation to the careers programme at Ravenshall.

#### Staff Careers Survey

Thank you to those who were able to complete the careers survey last half term. The results have been really interesting and useful. Next half term (date TBC) I will be doing a support staff meeting and TDM with a focus on sharing the vision for our Careers Programme and ensuring everyone is confident with how it fits with their role at Ravenshall.

Last Half term pupils from PFA and Trailblazers took part in a T-shirt printing workshop hosted by West Yorkshire Print Workshop. Pupils had time to prepare some design ideas that related to the key transferable skills above. Thanks to a partnership with Oxfam we hope to build on these skills in the future and embark on an exciting T-shirt printing enterprise .

National Careers Week is here. Please check emails for resources to use in Thrive Time and some suggestions for subject areas. In particular look out for an Apprenticeship resource featuring Ravenshall's very own Matthew Riley. Although this is a national event we will be having our more focused Ravenshall Careers Week from 22nd to 26th April. This will include internal shadowing which was really successful last year, workplace visits and some pupils will be out on external work placements.
