Dear families,

## Parental Survey

Last year's parental survey really helped the school develop in many ways. We take parental feedback really seriously and have tried to improve things in a number of ways following last year's survey. For example, we have developed our outdoor learning spaces. We have improved our communication methods, to try and make families more aware of what's happening from a curriculum perspective, although we have more work to do in this area. We have increased the number of school trips, implemented a breakfast scheme for children and now run after school clubs.

Over the next half term, staff, governors, children and families will help form the new school development plan. Please use this survey to give your thoughts on how the school could develop further, as well as adding any other thoughts you feel would help us improve. Please following the link to the survey <https://forms.office.com/e/Z146Bwqfxx> . We look forward to receiving your responses.

Thank you for your ongoing support.

Yours sincerely

Rik Robinson
