Visit the college, meet staff and find out about courses, campuses and support.

OCTOBER 2026

EVENT SPOTLIGHT

SEND FUTURES AND NEXT STEPS
Tuesday 6 October | 10am–1pm and 2–5.30pm

📍 WX Wakefield Exchange, Union Street, Wakefield

Thinking about what comes after school? This free event brings together organisations that support young people with SEND aged 13–25 and their families.

Explore education and training, jobs and careers, health and wellbeing, community activities and leisure opportunities. You can meet local providers, ask questions and find out what support is available as your young person prepares for adulthood.

No booking required

OCTOBER 2026

STUDENT JOBS

Student jobs are open! Pupils can apply for roles around school this half term. Interviews will take place before the new roles begin next half term. Through their jobs, pupils will practise skills such as **communication**, **teamwork** and **responsibility**, and earn Job Shop money to spend in school.

ESSENTIAL SKILLS

At Ravenshall, we use Skills Builder to help pupils recognise and practise skills they can use in school, at home and in future work. We name these skills during everyday activities so pupils can see what they're already doing well and what they're working towards.

Spot it at home: Which skill did your young person use today? Perhaps they solved a problem, listened to someone's idea or helped with a shared task.

GOOD QUESTION!

WHAT IF MY CHILD DOESN'T KNOW WHAT JOB THEY WANT TO DO?

That's absolutely fine. Careers learning isn't about choosing one job straight away. It helps young people discover what they enjoy, recognise their strengths and practise useful skills. Trying a school job, meeting an employer or learning about a new role can all help them explore what might suit them.
