3. Barriers to future attainment (for pupils eligible for PP, including high ability)	
In-school barriers	
A.	A significant number of pupils have communication, interaction and language difficulties (Pupil Premium and non-Pupil Premium eligible) as a result of pupils' special educational needs.
B.	Literacy (reading and writing) skills are significantly lower for a high number of pupils (Pupil Premium and non-Pupil Premium eligible) as a result of pupils' special educational needs.
C.	Numeracy skills are significantly lower for a high number of pupils (Pupil Premium and non-Pupil Premium eligible) as a result of pupils' special educational needs.

External barriers	
D.	Mental wellbeing, many pupils have been impacted emotionally by the pandemic and some also require high levels of ongoing emotional support in order to access their learning and enjoy a positive school experience.

4. Outcomes		
	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
A.	Further improve communication, interaction and language skills of pupils eligible for Pupil Premium.	Pupils eligible for Pupil Premium throughout school will make rapid and sustained progress (relative to their individual starting points, capabilities and special educational needs) by the end of the academic year so that almost all pupils eligible for pupil premium make expected or above expected progress in literacy (speaking and listening).
B.	Further improve literacy (reading and writing) skills of pupils eligible for Pupil Premium.	Pupils eligible for Pupil Premium throughout school will make rapid and sustained progress (relative to their individual starting points, capabilities and special educational needs) by the end of the academic year so that almost all pupils eligible for pupil premium make expected or above expected progress in literacy (reading and writing).
C.	Further improve numeracy skills of pupils eligible for Pupil Premium.	Pupils eligible for Pupil Premium throughout school will make rapid and sustained progress (relative to their individual starting points, capabilities and special educational needs) by the end of the academic year so that almost all pupils eligible for pupil premium make expected or above expected progress in numeracy.
D.	Further improve the school's mental and emotional wellbeing support network for pupils eligible for Pupil Premium.	Pupils eligible for Pupil Premium throughout school have access to a varied programme of mental and emotional wellbeing support. This will be measured through monitoring of impact of interventions and consequently pupil attendance and engagement in learning.

5. Planned expenditure					
Academic year	2022-23				
The three headings below enable schools to demonstrate how they are using the Pupil Premium to improve classroom pedagogy, provide targeted support and support whole school strategies.					
i. Quality of teaching for all					
Desired outcome	Chosen action/approach	What is the evidence & rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
A. Improve communication, interaction and language skills of pupils eligible for Pupil Premium. B. Improve literacy (reading and writing) skills of pupils eligible for Pupil Premium. C. Improve numeracy skills of pupils eligible for Pupil Premium.	Weekly teacher and key stage meetings to share best practice. Introduction of lead teacher for communication role to ensure continued and improved effectiveness of communication outcomes Literacy and numeracy teachers to meet termly to moderate pupil work samples. All teachers and support staff are provided with access to a comprehensive programme of training and development with teachers having additional practice development time on their weekly timetable Introduction of assistant headteacher role with responsibility for quality of teaching learning	We want all pupils to access teaching and learning opportunities at all levels regardless of their needs. The Education Endowment Foundation (EFF) Teaching and Learning Toolkit suggests that ensuring teachers and support staff have access to regular, ongoing, high quality training and development opportunities is an effective way to improve attainment. This is a suitable approach that we can embed across the school.	Use of INSET days, after school and morning sessions to deliver training with the creation of a comprehensive programme of training and development and share dates and times at the start of each term. 6. Review of expenditure				
Previous Academic Year		2021-2022		
i. Quality of teaching for all				
Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.	Lessons learned (and whether you will continue with this approach)	Cost
Enhanced curriculum input to support pupils with communication and language difficulties.	<ul style="list-style-type: none">Retention of an additional teacher for Key Stage 3 to enable provision of an additional class and therefore smaller groups.Recruitment of additional ETA to facilitate the delivery of targeted interventions in Key Stages 3 & 4.	High: Pupil premium and non-pupil premium learners have made expected or above expected achievement in speaking and listening against IPERF data.	The introduction of communication and social interaction sessions as the last lesson of the day has supported this strategy.	£41,413
		Feedback from teachers and support staff indicates that the ratio of staff to pupils has allowed them to have greater input in developing communication and language skills. Success criteria: met	The introduction of specific speech and language interventions with support from school SALT has also supported this strategy. Yes this strategy has proved successful and will continue.	£44,520
